**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This is a 2-1/2 story detached brick house now used as a flower shop and second floor residence. It is four bays wide and approximately three bays in depth with a small rear balcony and a newer stuccoed masonry, one story, "L" wing, two steps lower than the front section. Front brickwork is laid in painted Flemish bond and all other in common bond. The original entranceway occupies the right bay with a newer glass over panels door, paneled enframing, four pane overlight, moulded transom bar, and a wood lintel. To the left is the shop section covered by a simple attractive moulded top cornice bearing the word FLOWERS. It contains a new section of small panes and a door in the left bay matching the one on the right. Beside this is a colonial square lantern and a small sign proclaiming "Margarets" by the door. This is approached by an attractive brick porch with iron railings. Second story front windows are of 6/6 sash with moulded top lintels. Rear windows are also of 6/6 sash with regular wood lintels and sills. The front section attic is lighted by six pane windows in each gable. This has a moderate slope "A" frame roof with small enclosed chimneys rising from each end. The wing has a shed roof and both are of metal. There is a three string brick cornice supporting the front section roof on the front and rear. This house rests on a rather low fieldstone foundation.
